

Keep your

timekeepers & scorers safe.

Wash your hands

Everyone must ensure they are using hand sanitiser before and after timekeeping & scoring.

Keep your distance

Remain at least 1.5m apart from each other at all time. No unnecessary contact.

Clean area before and after

Using a disposable towel wipe the benches etc with a detergent based solution.

Get in and get out

No socialising before or after games.

Specific options if 3 people cannot safely fit in this space

- 1 Instead of using 2 timekeepers and 1 scorer, get the home timekeeper to operate the scoreboard controls (the away timekeeper can be responsible for the separate manual timer).
- 2 If your scoreboard PC is portable then move to another space.
- 3 If you have a hand-held controller use this to score from another space.
- 4 Arrange for a "remote desktop" connection to your scoring PC (either wireless or lan cable). For assistance with this, ask around the club for any computer tech skilled members. Or ask a local PC expert or approach your scoreboard provider to discuss options.
